About the King Ferry Food Pantry

King Ferry Food Pantry is a nonprofit organization whose mission is to reduce food insecurity for our neighbors in need. They play a unique role in the food safety net because they are one of the few resources available to people on all levels of the poverty spectrum, and can provide direct and immediate help to those who are in crisis.

The Pantry is located across from the greenhouse at Southern Cayuga High School and is open for drive-through service on the first and third Saturday of each month from 9:00 a.m. until noon, or by appointment.

Please learn more about the food pantry, their mission, and how to get involved at kingferryfoodpantry.org.
